

## ■ オプション ソラリア テラス囲い・バルコニー囲い 天井カーテン

A technical line drawing of a mechanical assembly. It features a horizontal track with a sliding carriage. The carriage has a central vertical rod with a circular weight at the top and a hook at the bottom. A cable is attached to the carriage, passing over a pulley and then down to a series of five vertical weights. The weights are connected by a chain or cable. The entire assembly is shown in a side view, with a cross-section of the track visible at the top.
